

Doris Temp, Candidate for Siamese Breed Council Secretary

I would like to introduce myself;

With a degree in Graphics Arts, I have been employed in the Media Communications field for the past 34 years. I have had to stay abreast of today's methodology in order to convey ideas and issues to the public.

NITELITE became a CFA registered cattery in 1987, and has produced several Grand Champions, as well as Breed and Regional Winners.

I possess excellent organizational and communication skills, as well as the ability to better market our directions and the Siamese breed.

My organizational plan is to;

- Promote cooperation between breeders through open communication.
- Stand firm on our beliefs for protecting the purity of the Siamese.
- Form small groups of Breed Council Members to work on issues important to us, to enhance and promote the Breed.
- Discuss issues concerning the future of our breed openly by encouraging breeders to freely communicate ideas in an open forum. Not only on the web, but in a newsletter to which all breeders, DVM's, and exhibitors may contribute.
- Actively recruit new exhibitors, linking them with local mentors. Utilizing the CFA mentoring resources informational package.
- Establish marketing plans, with the help of regional volunteers, to increase public awareness about the Siamese breed standard.
- Work to establish uniform informational kits for new, or prospective owners of Siamese coming from CFA catteries and seek to have breeders co-operate in establishing this guideline.
- Assuring the purity of our breed by furthering the research of pedigrees for future imports, and those already present, being used in our breeding programs.
- Never allowing our standards to be lowered.

We are the guardians of our chosen breed and as such have the responsibility to preserve the breed. Not only now, but for future generations. The foundations we lay today will decide on whether or not our breed will survive into the next century. It must be our united goal to lay aside our differences and come together to resolve the problems we, as breeders, are facing in an ever increasingly hostile environment. I feel strongly that if we reach out and assume the lead on the issues, we will succeed not only in assuring our survival, but that of CFA as a whole.

Working together we can and will make a difference!

**I WOULD APPRECIATE YOUR VOTE
FOR ME AS SIAMESE BREED COUNCIL SECRETARY TO REPRESENT YOU.**
